Addressing System _____ Area Detail _____

I am a property owner having a residence on the street for which a name is proposed and have no objection to this street being named in accordance with the request listed on the reverse side of this application.

I understand that in approving the new street name, I will be issued a new address which the numbers will be required to be posted on the structure facing the street. I will also need to notify the Phone Company, Post Office and other Utilities of the new address.

I also understand that a street name does not guarantee approved access.

The County will not be responsible for the street sign and road maintenance.
